Re: Gale School, Belmont

Dear Diane;

Thank you for contacting me concerning Gale School. I am pleased to know that there is still an effort to prevent this outstanding building from being lost to the community.

I attach the materials you requested:

- my letter to Michael Cozort dated November 5, 1998
- my email to Michael Cozort dated June 22, 2001

Please note that in spite of the years that have passed since these communications, the information remains current. The school remains eligible for the National Register of Historic Places; thus alternative means of meeting prevailing codes are available and the likelihood of winning grant assistance is enhanced. Any changes to the resource list are minor and will not effect its usefulness.

Best wishes!

Christine
